Meeting the Moment

2021 Leadership America

a program of
Leadership Women, Inc.

We are pivoting to meet the moment...

Leadership Women is changing how we do things during this time of COVID. As the longest running women's leadership development organization in the country, our priority is conducting our business safely for everyone. We know that many of you seek a sense of normalcy, while others are not yet ready. Our attention to safety as well as adding virtual programming to our regular offerings is designed to let you participate the way you want to, when you are ready.

2021 Programming

In 2021, our Leadership America program will not only comprise of three in-person sessions, but we will add a virtual component as well. Leadership America will bring its dynamic list of speakers and topics to the comfort of your home or office, offering more programming hours and opportunities for small group interactions prior to meeting in person. In addition, our programming will include issues related to functioning during a pandemic...and staying healthy during these times.

Our Commitment to Safety

When the time comes to gather in-person, all meetings will be conducted in accordance with guidance from state and national health organizations. It is our pledge to work with hotel professionals and venues to ensure social distancing and safety protocols are in place.

For added safety, Leadership Women has created the "LW

Commitment to Safety" for all in-person gatherings...a living document that outlines Leadership Women's commitment and establishes each individual's responsibility towards a healthy meeting environment.

Our Schedule

We will visit Washington, DC (March 21-23), Los Angeles (June 27-29) and Atlanta (September 16-18). Dates are subject to change based on health advisories.

The tuition is \$4,000. This includes all virtual and in-person sessions, programming materials/activities and most meals. Participants are responsible for travel to/from the session cities and hotel costs.

Apply Now!

Join us for this exciting year long program. Now more than ever the country is relying on strong leaders. In 2021, Leadership America will continue to empower and enhance the skills of women, by enlarging their universe and expanding their knowledge beyond their professional disciplines and responsibilities.

We're ready when you are!
