Empowering Women Leaders

Leadership America nears its fourth decade of informing and inspiring women leaders across the nation and around the globe. Building upon this remarkable milestone, the Leadership America program commits to encouraging, empowering, informing and inspiring women leaders and to advocate for their presence in our nation's decision-making arenas.

Established in 1988, Leadership America focuses on enhancing the skills of women who are already accomplished leaders - enlarging their universe and expanding their knowledge beyond their professional disciplines and responsibilities.

Leadership America is a forum for women leaders who are making a difference in their respective spheres of influence - in enterprises both large and small - and in cities and communities across the nation.

Broadly Informed Leaders are More Effective Leaders

Leadership America brings together senior-level women from a broad range of professional, cultural, geographic and ethnic backgrounds and introduces them to outstanding women leaders from across the nation. Speakers include power brokers, policy shapers, noted scholars and creative

thinkers, entrepreneurs and visionaries. These speakers and presenters engage participants in interactive exchanges that will educate, inform and inspire.

The 2022 Program Year

The Leadership America program comprises of two in-person sessions: Atlanta (March 31 - April 2) & Los Angeles (September 18-20) and also features virtual networking and program components between sessions.

The tuition for the two sessions and all virtual programming is \$3,500 and includes all programming materials, most meals and on-site activities. Participants are responsible for travel to/from the session cities and hotel costs (special group rates available).

Leadership Women, Inc. recognizes that we must maneuver in a world that is still battling COVID-19 and its many variants. For the safety of our participants, effective January 1, 2022, all participants must show proof of vaccination status or a negative COVID-19 test dated within the last 72 hours prior to arrival for each session.
