The Value of Learning Outside of Your Professional Silo

Leadership Texas is the longest-running and most successful women's leadership program in the country. Celebrating 40 years in action, Leadership Texas puts women on a path to access to learn from influencers across the state – and become one themselves.

The 2022 Leadership Texas cohort will be an assembly of women leaders who represent a broad spectrum of professional, cultural, geographic and ethnic diversity - forming an invaluable network that will span across the state and beyond.

As a leader today, or an aspiring leader of tomorrow, this innovative program helps women embrace their own powerful journey. Incorporating interactive learning opportunities and engagements with leading edge innovators and subject matter experts across industries and geographies, this is a one-of-a-kind experience.

Exploring the State's Cultural, Social & Economic Shifts

Great leaders recognize that it is necessary to understand the cultural, social and economic shifts before us and the programming of Leadership Texas provides opportunities and access to recognized experts, government officials and other thought leaders which will positively inform your work and community for years to come.

Participants can expect to exponentially broaden their

network and understanding of the issues facing Texas and its place in the world. Houston, Amarillo & Austin – together we will explore each of these communities in unexpected ways.

The 2022 Program Year
